Lansdown Park and Ride / Old Sulians Rugby Club - South Pitches : BA1 9JB

Best place to park is in the Park and Ride - on entering, drive straight ahead and you will see the changing rooms. There is a path / gate to the very left hand side of the changing rooms, this will lead you around the back of a large house which has a helipad in the backgarden, as you come around the house the track leads you straight onto the pitches - you will see Beckford's Tower in the distance. Ocassionally we play on the side facing the race course. It is possible to park in the Old Sulians Rugby Club car park, though this can become very busy on matchdays.
